

The three girls and the watches.

“Ellie hurried up and got in the car so we were not late to our cheer competition!” Allie angrily said. “Okay I’m coming!” Ellie yelled from the front door. Finally Ellie got in the car and their mom Marley started to drive off. “Wait we forgot to say bye to dad mom” Allie said. “Oh it’s okay girls”. Marley said. “Dad loves me more anyway.” Ellie said with a laugh. “Be more more your 13”. Allie said with a mad voice. “Okay so your 15 it doesn’t matter—. CRASH BOOM CRASH. ” aHHHHHHH”. All of the girls screamed. Allie and her mom Marley got in a really bad car crash and drove into the woods. “Are you okay Ellie.” Allie softly said. “Yeah I’m okay but let’s check on mom because she doesn’t look so good”. Ellie said. “Mom mom wake up hurry, mom are okay can you hear me”. Both of the girls said while crying a little bit. “Mom isn’t waking up and she isn’t breathing I-I think she is dead or she is in a coma”. Allie sadly said. “Yeah it looks like she is dead or in a coma”. Ellie softly said. “Well let’s just try to get mom out of the car and put her in the woods so she doesn’t just stay in the car like this in the car”. Allie said. “Okay yeah let’s do that really quick, but before we do that can we just say goodbye to her ”. Ellie said quietly. “Yes, let’s do that because mom won’t be here anymore”. Allie sadly said. Both of the girls said goodbye in a meaningful way from deep down in their hearts. After that both of the girls took their mom and put

her far away in the woods where they were. It was really hard for both of the girls to say goodbye but both of them are really strong and kind and had to take care of it. "What now, What are we going to do now without mom Alliee". Elliee said with a very sad voice. "I- I don't know now, because I don't even know where we are. We lost mom and dad at home and we can go to our cheer competition anymore". Alliee said. "Wait, that's it. I know we lost everything but even though we're not at our cheer competition remember when mom said to open these special boxes when we get to our cheer composition. Elliee said. "Yeah," Alliee said." It's probably something important". Alliee said calmly. "Okay let's go get the box it's in the car". Elliee said. The girls go back to their car and carefully search in their car to find the box they are both looking for. They looked for about 10 minutes and still couldn't find the box they needed. "Elliee Elliee I found the special box we need with the presents". Alliee said excitedly. "Okay let's go open the box now." Elliee said. "Elliee look, it's these fancy watches mom bought us". Alliee said. "I turned it on and it kept saying "Hello Alliee its mom. If you need something or need to go somewhere just tell me so I can navigate you to your destination". Alliee said. "Oh my gosh this can lead us home and we can see dad and finally eat again". Elliee said excitedly. "Oh yeah you're right we can leave the woods now all we have to do is tell mom a.k.a the watch to lead us to our

house"! Alliee happily said. " Mom led us to our house 2218 stoney lane, Phoenix Arizona ". Alliee said. " Okay leading to 2218 stoney lane, Phoenix Arizona. " Yay, it's leading us to our house now"! Elliee said. Alliee and Elliee started to follow the navigation to their house and they escaped the woods and now they got led to a street 15 minutes away from their house. " Elliee I think we're in our neighborhood now, so that means we can finally be home for once"! Alliee excitedly exclaimed. " Oh yeah you're right I'm excited to see dad! Elliee happily said. Two minutes later Elliee and Alliee arrive at their house. Alliee knocks on the door and no one answers. Now Elliee knocks on the door this time and still no one answers, so this time Alliee tries to open the door and the door opens. " Oh yay we're in the house, Dad dad me and Elliee are home. Where are you? Alliee exclaimed. " Come on Elliee lets go around the house and look for dad. You go look in the kitchen and I'll go and look in the living room. Alliee said. " Okay i'll go look for dad now. Elliee said. " Oh no, no no no. Elliee comes here there is blood all over dad and I- I think he is dead. Alliee said worriedly. " Oh no he is dead!! Elliee said while crying. " I don't know what to do. I'm really sad we lost both our parents and all of our family lives in different states and now there is nothing we can do. Alliee sadly said. " who- who is knocking on the door? Elliee worriedly said. " I don't know but I'm going to check. Alliee said while still crying. " Hello! Hello, is anybody there

where you are? Alliee said. " Hello! I've been looking for you in the woods". Someone said, " Oh no you, you are my mom- AHHHHHHHHHHHHHHHHHHH.
