Elementary School Information
For the 2019-20 School Year

The 2017 Elementary Bond project is bringing many changes to ELPS elementary schools. The new Donley Elementary and new Glencairn Elementary schools will be ready for students at the start of the 2019-20 school year. Glencairn students will be back in their new neighborhood school. Donley students will occupy their new school alongside the original Donley School. Community Open Houses will be scheduled after the start of school to showcase these new learning facilities.

During the 2019-20 school year, Pinecrest and Whitehills Schools will be rebuilt. While construction is taking place at both schools, the students assigned to those schools will attend alternate buildings. Pinecrest students will be temporarily located at the Red Cedar School, while Whitehills students will be temporarily located at the Old Donley School.

Donley Elementary
2961 Lake Lansing Road, Building B (New Donley School)

Glencairn Elementary
939 N. Harrison (New Glencairn School)
