Discussion of Officers for 24-25 School Year:

- President – Jessica Eyde, primary duties are reaching out to presenters and running the meetings
- Vice President – Angela Michael, primary duty is running the zoom connection
- Secretary – Rhiannon Worgess-Carveth, primary duties are drafting agendas and meeting minutes

General Discussions related to 24-25 School Year:

- In some previous years the DSC offered an officer training session for the school councils. We have a number of training documents and videos available, so it would be good to offer that again next year.
- Marble has discussed the idea of increasing collaboration across the elementary buildings, as young 5 students will often start at one school for a year and then move to another, and all the students will end up together eventually as well. Would it be possible to share event calendars with each other to avoid conflicts where possible and make it possible to attend other schools' events?
- Would a joint international night, or other joint event be possible? It would be good to discuss what schools would be willing to collaborate, and perhaps run it as an event with presentations and learning from MSU student groups (in the style of STEAM Nights) rather than putting the focus on families providing presentations. MSU Spartan Remix is an event that may be a good place to recruit MSU student groups, and get ideas.

List of Possible Meeting Topics for 24-25 School Year:

- Mental Advisory Committee
