1	Can be a bit dangerous crossing from the parking lot as parents drop off	5/31/2016 1:17 PM
2	Parent pick up needs to managed better as far as people waiting in line and those in front who don't have their kids and just waiting there so people cannot go around.	5/26/2016 2:40 PM
3	Only one crosswalk causes issues at times here at MMS.	5/24/2016 2:34 PM
4	I am in and out of all the buildings and sometimes cannot find a parking space at the elementary buildings. It is impossible to leave some elementary buildings near the end of the day as parents are waiting to pick up their children.	5/24/2016 2:23 PM
5	too many parents feel they can come and drop/pick up children while the busses are doing the same. at whitehills, donley & pinecrest children will rush the bus in the pm while we are still moving. unsure if that's from the sidewalk being the same height as the road. at the middle school the bell time is too close to the bell time at the high school. a few busses need to drop students off before the head to the middle school and when they arrive at the middle school they run up to the bus while they are still pulling to the sidewalk. either we need adults supervising or a longer time to between the school dismissing.	5/18/2016 6:17 PM
6	major sidewalk deterioration cars speeding through parking lot before/after school	5/18/2016 2:50 PM
7	We've had students and staff who are nearly hit by parents at the drop-off site.	5/18/2016 2:16 PM
8	I have had 3 incidents this year where I was nearly hit by a parent speeding through the parking lot.	5/18/2016 11:48 AM
9	Cars always backed up on Burcham before and after school during drop off and pick up.	5/17/2016 8:53 PM
10	Students bolt across burcham at the John R intersection. I wonder if a flashing cross-walk would help. When followed, the intended traffic patterns at MMS work well.	5/17/2016 8:04 PM
11	Students walk up the drive for cars off Hagadorn. Cars using that drive cannot turn right into the parking lot w/o coming dangerously close to exiting traffic. (Many hit the curb on right- cut not wide enough. Ss and Ts cross the drop-off drive wherever instead at designated areas. Ss take their time crossing the light at Hagadorn: make traffic wait at a markedly short light.	5/17/2016 6:45 PM
12	Parent drop off is a challenge. Now that we have 6th grade added, more parking is needed for all school events. During Open House and conferences, there is not enough parking.	5/17/2016 6:18 PM
13	It is nearly impossible to get out at the end of the day for people. The people parking in the parking lot waiting for anyone block thosein a parking space from getting out.	5/17/2016 5:44 PM

1	New wing at MMS has no temperature controls heating/cooling is erratic.	5/24/2016 2:35 PM
2	Some rooms are hot others are cold during the same time of the year.	5/24/2016 2:04 PM
3	Fluorescent lighting is not optimal for learning.	5/23/2016 8:25 AM
4	As a bus driver I am unable to comment on these issues	5/18/2016 6:28 PM
5	wide temperature swings throughout day in classroom	5/18/2016 2:53 PM
6	We need security cameras on all entries/exits.	5/18/2016 9:05 AM
7	Lockdowns are announced over the PA and the volume is quiet in my room. A flashing bubble light was installed to help us notice, but we often miss the first few seconds of the announcement or the entire thing. I worry that we may miss a lockdown someday. The volume of announcements change drastically depending on the announcer's volume. There are quite a few 'dead zones' in the halls that you can't see a clock. Also, kids can't read the analog clocks. I think that the halls should be digital, and rooms should stay analog to help learn.	5/17/2016 8:18 PM
8	Need more diverse spaces for students to gather in small groups, hallway stations, Open/Project Spaces, kiosks, cafe tables, booths	5/17/2016 6:50 PM

1	Classrooms with dividers are very noisy	5/31/2016 1:19 PM
2	Science labs flood fairly often. Need the traps cleaned yearly to avoid it.	5/25/2016 7:56 AM
3	PA system is too quiet in some classes.	5/25/2016 7:48 AM
4	Paint needs to be redone in many places. I've asked to have my classroom touched up each summer for the past few years and nothing has been done.	5/24/2016 3:21 PM
5	There need to be card readers on more exterior doors.	5/24/2016 2:35 PM
6	Hallway is scratched up	5/24/2016 2:04 PM
7	With different lunches, hallway traffic can be very noisy in the classroom. I do wish we had a digital clock system so on days with no bells (testing, altered schedule, etc.) all teachers could be on the same page.	5/18/2016 2:59 PM
8	class door windows need filter/block for internal lockdowns-should be uniform throughout	5/18/2016 2:53 PM
9	The toilets at MMS don't always flush successfully. Low pressure seems to be the issue.	5/18/2016 2:18 PM
10	Old plumbing in student bathrooms.	5/18/2016 11:50 AM
11	The HS music wing always has issues with the heating and cooling system throughout the year. Not all light setting work either in the classrooms	5/18/2016 9:18 AM
12	Specific rooms in some buildings can be quite cold in the winter, even with space heaters.	5/18/2016 8:02 AM
13	Need to make sure front doors (to foyer) are locked during day. Anyone could walk in there and go straight upstairs etc. without any interaction with office.	5/18/2016 7:36 AM
14	The heating/cooling in the classrooms is not balance between rooms. Some rooms are extremely cool and some are extremely warm during the same times during the day. This makes it a very uncomfortable environment for students and staff.	5/17/2016 9:48 PM
15	The part of my classroom that has an exterior wall is intensely cold during the winter. I was told that the ducting is too small in that area and it won't heat properly. My neighbor's room with 2 exterior walls is freezing in the winter. Air conditioning is great.	5/17/2016 8:18 PM
16	Walls between classrooms need insulation. Restrooms should have paper towel option. Carpet coming up in some new 6th grade classrooms. Some need of repaint on hallway walls. Students report bad taste in several of the drinking fountains.	5/17/2016 6:50 PM
17	6th grade wing... Temperatures are extreme and ridiculous.	5/17/2016 6:20 PM
18	In the sixth grade wing some rooms unbearably hot while others are unbearably cold at different times during the day	5/17/2016 5:47 PM

1	Would like to see all the galvanized domestic water piping replaced in the near future. 3-5 yrs	5/30/2016 8:34 PM
2	The band and orchestra students currently use the back hallway, storage (small) room, front hallway, cafeteria, and lobby for additional teaching space. This makes supervision difficult. Additionally, we added almost 200 students to the program without adding storage or teaching space.	5/18/2016 12:17 PM

4	MMS may use the 'project spaces' more frequently if one was a computer lab with desktops. The one desktop lab in our library is constantly booked up.	5/17/2016 8:36 PM
5	Many teachers notice tech failing. Non working or difficult to connect doc cams, The button controls for projectors and computer display are becoming unpredictable--push multiple times rather than just once. When computer shuts off, the audio system emits loud hum. (Wasn't true initially.)	5/17/2016 7:12 PM
