Q8 Describe specifically any issues or concerns with site safety, parking, bus traffic, student traffic, parent drop-off / pick-up, landscaping, sidewalks and grounds.

Answered: 15 Skipped: 19

#	Responses	Date
1	There is a concern about the ease with which anyone can enter the building at any time, and the inability to prevent major incidents from being stopped. The windows in the classrooms, especially the ones installed over the past 1-2 years, do not work well to provide a combination of air and safety during seasons when they need to be opened.	5/24/2016 9:37 PM
2	Parent drop-off and pick-up is chaotic. Parents often block cars in so flow is backed up.	5/24/2016 2:32 PM
3	I am in and out of all the buildings and sometimes cannot find a parking space at the elementary buildings. It is impossible to leave some elementary buildings near the end of the day as parents are waiting to pick up their children.	5/24/2016 2:23 PM
4	Traffic congestion is high due to the number of children who are driven to school. This makes for a lot of drop off congestion	5/24/2016 2:12 PM
5	There is virtually no security. Anyone can walk into the building. Even though the building secretary makes every effort possible to have people sign-in, there are many parents who choose to ignore this and walk right past her. At the end of the day, there is not a good area/system in place for all the pick up children. This causes some parents to choose to arrive later to pick up their children, resulting in teachers waiting 10-20 minutes daily with some children after school for their parents to pick them up.	5/20/2016 8:50 AM
6	All three should be separated. Buses only in the circle drive, walking student all enter/exit out of same door near the back of the building where they can follow a sidewalk to the walk they need to use to go home instead of adding to the congestion in the front of the school where buses and cars are at. The weeds NEED to be removed around the building and around the playground. Better play equipment is needed for all students.	5/19/2016 11:56 PM
7	basketball court too close to playground doors. People have to dodge kids running and air bound balls.	5/19/2016 1:36 PM
8	too many parents feel they can come and drop/pick up children while the busses are doing the same. at whitehills, donley & pinecrest children will rush the bus in the pm while we are still moving. unsure if that's from the sidewalk being the same height as the road. at the middle school the bell time is too close to the bell time at the high school. a few busses need to drop students off before the head to the middle school and when they arrive at the middle school they run up to the bus while they are still pulling to the sidewalk. either we need adults supervising or a longer time to between the school dismissing.	5/18/2016 6:17 PM
9	the brick walk way leading to the building needs to be leveled. The playground has areas that retain too much water/ice resulting in many indoor recess times.	5/18/2016 10:14 AM
10	Our students are much too close to vehicles entering and exiting the parking lot when parents are dropping off and picking up their children.	5/18/2016 10:03 AM
11	Parents do not follow our procedures of traffic flow and specifically they are late to pick up their children daily.	5/18/2016 8:22 AM
12	Too congested...and too many different areas which parents are using as drop off and pick up...hard to monitor for student safety.	5/18/2016 7:58 AM
13	Would prefer a designated area for staff parking separate from parent drop off and pick up.	5/17/2016 6:20 PM
14	Lack of security in the building. Anyone can walk in the front door at any time and walk around the building. No one would know if office staff had their back turned or was in copy room.	5/17/2016 5:25 PM
15	The bus lane should be enforced,do not allow cars to Enter for students safety.	5/17/2016 5:21 PM

1	As the building secretary I would love more security in the form of a PA system outside and a locked front door that would allow a buzz in system. I fear even going to the bathroom and leaving the office unattended.	5/24/2016 2:16 PM
2	Fluorescent lighting is not optimal for learning.	5/23/2016 8:25 AM
3	I really like that I am able to control the temperature in my own classroom. However, it can get extremely warm during the warmer times of the year. This creates a poor working environment for students, especially since there is a lack of fans or even a breeze blowing in the windows.	5/20/2016 8:54 AM

1	Heating is Horrible. Forced air furnaces for each classroom. Plumbing is under the floor.	5/30/2016 8:21 PM
2	On more than one occasion, there have been issues with very unpleasant smells spreading into the hallways.	5/24/2016 9:41 PM
3	Bathrooms smell like a zoo often and are embarrassing when parents have to use them and smell urine.	5/24/2016 3:37 PM
4	No ability to control temperature in the classroom. Heat runs automatically even when the temperature is too hot. Sometimes blows out cold air in the winter. Extreme temps - hot or cold at times.	5/24/2016 2:44 PM
5	As the building secretary I would love more security in the form of a PA system outside and a locked front door that would allow a buzz in system. I fear even going to the bathroom and leaving the office unattended.	5/24/2016 2:16 PM
6	Kitchen and lunch room does not have good venting. Smells can be overpowering. Also gets too hot and/or cold.	5/23/2016 10:45 AM
7	some bathroom stall doors are hard to open and lock	5/20/2016 12:47 PM
8	Mitsubishi has an air containing system which mounts on the wall and is controlled by remote which would help with the coolness in each room in the building. The sinks need to have faucets that are easy to use by all students. Maybe the automatic on/off faucets. And Automatic flush toilets. The acoustics need to be corrected in the lunchroom for those who have hearing problems and for those the student are noise sensitive.	5/20/2016 12:18 AM
9	Desks, papers with staples hanging in the hallways where kids are supposed to go for safety during tornado. No plan in place for emergency while children on playground.	5/19/2016 1:42 PM
10	Bathrooms always smell like urine. The heating unit in my classroom blows out cold air. Sitting too close is uncomfortable. Room is chilly.	5/18/2016 10:37 AM
11	Many adults are often in the building without an office ID or pass. The bells in the classroom are extremely loud.	5/18/2016 10:19 AM
12	Not all teacher spaces are heated adequately.	5/18/2016 8:00 AM
13	We don't have a cooling system. The build-up of dust and gunk in the vents is disgusting and should not be acceptable.	5/17/2016 6:25 PM
14	No air conditioning in the building and no fans in rooms to help make comfortable. It can be very hot and uncomfortable in warmer weather	5/17/2016 5:27 PM

1	Because there are large class sizes in the upper elementary grades, the space within the classrooms can be limited. It can difficult for both teachers and students to effectively move around the room.	5/24/2016 9:51 PM
2	The building needs more room for in school suspensions.	5/24/2016 3:42 PM
3	There is not enough space for offices or testing areas. No storage space for non-classroom staff.	5/24/2016 3:07 PM

5	hallways are small and crowed when two classes are walking down the,	5/20/2016 12:53 PM
6	We have different grades in different parts of the building currently due to space issues and classroom design. It would be nice if grades could be grouped together. It would also be nice to have separate "wings" for lower and upper elementary. This would cause less disruption during lunch/recess transitions.	5/20/2016 9:03 AM
7	We do not have enough hallway space and not enough locker space to accommodate students.	5/18/2016 8:33 AM
8	Specials staying near each other works well. Easier access to outdoor recess for younger grades would be better. Currently, they walk the farthest.	5/18/2016 8:04 AM
9	Storage spaces shared between 2 rooms should be maintained. Bathrooms should be as well but need to be redone. There are no spaces to meet with buddy classrooms. Book room should be maintained. More staff bathrooms.	5/17/2016 6:40 PM

1	Better lighting. The ceiling lights trigger negative student behaviors.	5/24/2016 3:42 PM
2	Have a very small office that does not hold my test kits, materials, or files. My phone has no reception in the office space.	5/24/2016 3:07 PM
3	Art room needs more space to store student work and supplies.	5/24/2016 2:49 PM
4	Space and storage	5/23/2016 8:28 AM
5	an actual teacher desk and space for it	5/20/2016 12:53 PM
6	I wish we had more space for collaborative work for students. Right now we have their desks and that is it. It's hard to do collaborative learning when there is no space to do so.	5/20/2016 9:03 AM
7	I need a larger classroom and more cupboards!	5/18/2016 8:33 AM
8	Storage space.	5/18/2016 8:04 AM
9	Larger space. Updated furniture that is more conducive to the use of space. At the elementary level you take whatever you can find/get. Much different than getting sets of matching furniture like at the MS and HS. Something as simple as a padded teacher chair doesn't happen unless you buy it for yourself.	5/17/2016 6:40 PM
10	Need a bigger room for building aide parapros to complete projects like any other schools.	5/17/2016 5:31 PM
11	More space and storage	5/17/2016 5:30 PM
