Good afternoon ELPS families and students,

Attached is the plan for distributing meals to our students during this school closure. We are able to provide breakfast and lunch for ALL students age 18 and under. We will also have books, personal items and snack packs available.

While I’m incredibly amazed by the outpouring of support and offers to volunteer with the meal distribution, we are required to have trained individuals prepare and distribute our meals, so our food service staff will be assisting with these tasks. I appreciate that so many of you want to volunteer, and we may be able to utilize a few individuals each day to assist with book, personal item and snack distribution, but we also strive to follow the guidance of reducing gatherings and increasing social isolation during this time.

Know that a robocall will also go out tomorrow (Sunday) so that all families will have these details. Please be assured that I will continue to communicate with all of you as new information is available. I am so thankful to be part of such a wonderful school community. 14EE7AEE-605C-4982-9EA6-B664202E97C0.jpeg

Take care - Dori Leyko
EAST LANSING PUBLIC SCHOOLS MEAL DISTRIBUTION PLAN

Who?
