

October 14, 2025

Attn: East Lansing City Council

The East Lansing Board of Education supports walkable schools, evidenced by the rebuilding/remodeling of six neighborhood elementary schools from 2017-2021. Additionally, we appreciate all the work various members of the Glencairn community has done to advocate for safer routes to school.

Therefore, we support their efforts to erect signage:

- that prohibits thru traffic on Kensington
- barring trucks on both Kensington and Harrison

Additionally, we support the further study of:

- a raised crosswalk on Harrison in front of Glencairn
- changes in traffic lights on Harrison
- installation of a HAWK pedestrian signal

Thank you.
