February 4, 2025

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2023-24 educational progress for East Lansing High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Ashley Schwarzbek for assistance.

The AER is available for you to review electronically by visiting the following website: https://www.mischooldata.org/annual-education-report-1?Common_Locations=1-S,7058,1104,85, or you may review a copy in the main office at your child's school.

For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given. Our school was identified as a school that "has not been given one of these labels."

Vision Statement

East Lansing Public Schools provide an exemplary education for all students through a cohesive, comprehensive curriculum in an inclusive, supportive environment.

Status of the 3-5 Year District School Improvement Plan

East Lansing Public Schools has submitted a District Improvement Plan through the Michigan Integrated Continuous Improvement Process (MICIP). This plan is focused on the whole child by developing school environments that are healthy, safe, engaged, supported and challenged. Our plan, in conjunction with our school community improves learning and improves health while coordinating policy, processes and practices that meet the needs of our students, educators and families. The district goals articulated in this plan are specific, measurable, attainable, relevant, time bound, inclusive and equitable. Each of our schools engage and share in the responsibility to make our goals a reality for all who are a part of our education community.

Core Curriculum Access

East Lansing Public Schools' core curriculum may be accessed on the state website as follows:

<https://www.michigan.gov/mde/0,4615,7-140-28753---,00.html>

Additional hard copy publications are available from the office of the Deputy Superintendent and at the building level. There are no variances from the state's model.

Description of Implementation

The implementation of the core curriculum is sustained through a curriculum structure that employs grade level and department chairpersons who meet monthly. The District and School Leaders review state requirements for core curriculum, plans curriculum development, coherence and articulation, provides for the identification of necessary professional development and budget-related requirements to support the implementation of the curriculum. The District and School Leaders meet with grade level and or department level colleagues and with administration to implement and monitor the effectiveness of curriculum development, implementation and impact on student performance.

Process for Assigning Pupils to the School District

K-5 students are assigned to schools based on where they reside in our district. Each K-5 school has specific boundaries within our district. Parents are allowed the opportunity to complete a permeable boundary request that would allow their child to attend a school within the school district other than their neighborhood school. Requests require the approval of the sending and receiving school Principals as well as the Superintendent and are based on space availability at the school/grade.

East Lansing Public Schools also participates in the state's Schools of Choice process annually. Available openings are advertised. Applications are accepted during a specific application period, and students are accepted on a lottery system to fill the advertised slots.
