Red Cedar Elementary School Annual Education Report (AER) 2023-2024

February 6, 2024

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2022-2023 educational progress for Red Cedar Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Rinard Pugh for assistance.

The AER is available for you to review electronically by visiting the following website: https://www.mischooldata.org/annual-education-report-1?Common_Locations=1-S,16730,1104,85, or you may review a copy in the main office at your child's school.

For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given. Our school was identified as one that "has not been given one of these labels".

As a school we are striving for academic excellence. We are working to meet the needs of all students. We are continually working to improve and support our students in their growth and using data to adjust instruction accordingly. In order to address these challenges, the staff at Red Cedar has been working collaboratively to nurture each child, educate all students, and build world citizens. Teachers have spent significant time during the school year reviewing data, problem solving, and developing plans to support the success of all of our students. Our teachers and staff have all signed up for building work teams that center on staff and student wellness, PBIS, and MTSS. Our Bookworms curriculum supports the use of small groups and targeted skill instruction. Students are receiving

differentiated instruction to meet their needs. We as a staff will continue to accomplish our district and school goals.

A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

Red Cedar Elementary is a preschool through 5th grade building within East Lansing Public Schools. We have 252 total students. We proudly house several programs and grades including a Great Start Readiness Program, Early Childhood Special Education program, Students with Autism program, and a Young Fives grade level. Red Cedar is diverse, serving students and families from over 40 countries worldwide. We continue to put a focus on English Language Learning education as well as student engagement. We follow a multi-tiered system of support that offers core, targeted, and intensive interventions. We also are implementing a schoolwide positive behavior intervention and support program that aligns with our social emotional learning curriculum.

Process for Assigning Pupils to the School District

K-5 students are assigned to schools based on where they reside in our district. Each K-5 school has specific boundaries within our district. Parents are allowed the opportunity to complete a permeable boundary request that would allow their child to attend a school within the school district other than their neighborhood school. Requests require the approval of the sending and receiving school principals as well as the Superintendent and are based on space availability at the school/grade.

East Lansing Public Schools also participates in the state's Schools of Choice process annually. Available openings are advertised. Applications are accepted during a specific application period, and students are accepted on a lottery system to fill the advertised slots.

Status of the 3-5 Year District School Improvement Plan

East Lansing Public Schools has submitted a District Improvement Plan through the Michigan Integrated Continuous Improvement Process (MICIP). This plan is focused on the whole child by developing school environments that are healthy, safe, engaged, supported and challenged. Our plan, in conjunction with our school community improves learning and improves health while coordinating policy, processes and practices that meet the needs of our students, educators and families. The district goals articulated in this plan are specific, measurable, attainable, relevant, time bound, inclusive and equitable. Each of our schools engage and share in the responsibility to make our goals a reality for all who are a part of our education community.

Core Curriculum Access

East Lansing Public Schools' core curriculum may be accessed on the state website as follows:

<https://www.michigan.gov/mde/0,4615,7-140-28753---,00.html>

Additional hard copy publications are available from the office of the Assistant Superintendent and at the building level. There are no variances from the state's model.

Description of Implementation

The implementation of the core curriculum is sustained through a curriculum structure that employs grade level and department chairpersons who meet monthly. The curriculum council reviews state requirements for core curriculum, plans curriculum development, coherence and articulation, provides for the identification of necessary professional development and budget-related requirements to support the implementation of the curriculum. The council members meet with grade level and or department level colleagues monthly and with administration to implement and monitor the effectiveness of curriculum development, implementation and impact on student performance.

Parent Teacher Conferences

We had roughly 96.5% of our 252 students represented by a parent at Parent Teacher Conferences in the Fall of 2023. Looking back to Spring of 2023, we had about 95.1% of parents attend conferences for their child

Red Cedar Elementary is a wonderful, diverse, and inclusive school that has many things to celebrate. Our staff are highly qualified and work hard to serve the needs of all students. We strive to develop social, emotional, behavioral, and academic skills of all students. We love and welcome parental and community involvement.

Sincerely,

Rinard Pugh
